Honorable President and Members  
of the Board of Education  
Hoboken Board of Education  
County of Hudson, New Jersey

Dear Board Members and Constituents of Hoboken:

The comprehensive annual financial report of the Hoboken Board of Education (Board) for the fiscal year ended June 30, 2010, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the Board. All disclosures necessary to enable the reader to gain an understanding of the Boards' financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the Board organizational chart and a list of principal officials. The financial section includes the District-wide Statements as now required by GASB 34, general purpose financial statements, schedules and footnotes as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The Board is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 as amended by the Single Audit Act Amendments of 1996; the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04 OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Information related to this single audit, including the auditor's reports covering compliance with applicable laws, regulations and requirements, and internal control over compliance and financial reporting, as well as a schedule of related findings, is included in the single audit section of this report.

**REPORTING ENTITY AND ITS SERVICES:** The Hoboken Board of Education is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB) as established by Statement No. 14. All funds and account groups of the Board are included in this report. The Hoboken Board of Education and all its schools constitute the Board's reporting entity. For the past four years the Board provided a full range of educational services appropriate to grade levels Pre-K through 12. These include regular and special education for handicapped youngsters. The Board completed the 2009-2010 fiscal year with an average daily enrollment of 1,954 students, which is 418 students below the previous years enrollment. The following details the changes in the student enrollment of the District over the last five years.

**Hoboken School District  
Average Daily Enrollment  
Last Five Years**

<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2009-2010	1,954	4.27%
2008-2009	1,874	(22.20%)
2007-2008	2,290	2.88%
2006-2007	2,226	(0.27%)
2005-2006	2,232	(3.96%)

**MAJOR INITIATIVES:** The Hoboken Public School District's educational programs and activities are designed to ensure that all students will achieve their maximum potential through rigorous curriculum and the exercise of self-discipline in cognitive and affected domains. Curriculum initiatives/activities facilitates the implementation of the New Jersey Core Curriculum Content Standards (CCCS). The Terra Nova, NJASK 3, 4, 5, 6, 7 & 8 and HSPA will be analyzed and instruction planned accordingly.

Recently implemented initiatives being further developed include the Johns Hopkins University Center for Talented Youth, which identifies students with extraordinary talents and provides them with rigorous and engaging academic courses and programs appropriate for their needs. Students will belong to a dynamic academic community supported by the Internet and built through communication, online interaction and sharing of knowledge and ideas.

Although the district continues to utilize the International Baccalaureate Organizations' program as part of its Gifted and Talented operation, the district is about to engage its students in the Advanced Placement Program, also nationally renowned for its rigor with academically talented students. The upperclassmen are still intrinsically involved with the IB program, as we phase in the AP offerings. We refer the reader to past letters wherein has been delineated the highlights of the IB program.

The district still enjoys an excellent Early Childhood Education Program, funded through the State of New Jersey's Office of Preschool Education. The district's three and four year old children are provided with a full ten-hour "wrap around" program 245 days a year, should a parent so desire and choose. Family referral services are also available in addition to the excellent academic program which is developmentally appropriate.

Technology initiatives continue to be a major priority for the district. The district continues to redesign and expand our website. In addition to providing a vast array of updated information including all e-mail addresses, phone extensions, monthly calendars by school, school menus, employment opportunities, and emergency closings, we now host over 60 faculty websites. These websites are also continually updated providing classroom information and homework assignments.

Hoboken also continues to host its own website with an “in-house” web server. This allows us to control all configuration issues and make changes to the site rapidly.

We continue to revise and update our own intranet web site which allows for information to be viewed only within the Hoboken Schools Network. On this site is an online resource reservation system allowing teachers to reserve shared technology items. It also contains an automated computer help system allowing district members to easily and quickly obtain help for any computer problem or question.

Toward the end of the 2009 – 2010 School Year, the district embarked upon an interesting initiative – providing Dell laptop computers to the seventh and eighth grade students. Although the students did not receive the hardware until the fall, when instruction began in earnest, it behooves us to make mention of this since this was indeed a 2009-2010 as well as a 2010-2011 innovative move on the part of the Hoboken School District. The bulk of the cost of this initiative was initially paid by “Stimulus” funds.

Staff Development activities continue to spot the school calendar with marvelous results. There are three professional consultants working in the district for the sole purpose of stimulating the staff in the areas of language, mathematics and special education. The results of the work of these professionals can be seen daily as the elementary teachers perform their various teaching tasks. Fortunately, “stimulus” money is also at play here for both last school year and this. The challenge for the successor administration will be to do the same with fewer dollars, since the Federal Assistance will expire. The dollars which support the aspects of the budget noted here are quite adequate.

**ECONOMIC CONDITION AND OUTLOOK:** Refer to the section of this report titled “Management Discussion and Analysis” for information on the economic condition and outlook.

**INTERNAL ACCOUNTING CONTROLS:** Management of the Board is responsible for establishing and maintaining internal accounting control designed to ensure that the assets of the Board are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles which are generally accepted in the United States of America. Internal control is designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived and, (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the Board also is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. Internal control is also subject to periodic evaluation by the Board management.

As part of the Board's single audit described earlier, tests are made to determine the adequacy of internal control, including that portion related to federal awards and state financial assistance programs, as well as to determine that the Board has complied with applicable laws and regulations.

**BUDGETARY CONTROLS:** In addition to internal accounting controls, the Board maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of Hoboken. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2010.

**ACCOUNTING SYSTEM AND REPORTS:** The Board's accounting records reflect accounting principles generally accepted in the United States of America, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the Board is organized on the basis that will comply with GASB. Refer to the Management Discussion and Analysis section of this report for a detailed explanation.

**CASH MANAGEMENT:** The investment policy of the Board is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements". The Board has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

**DEBT ADMINISTRATION:** The Board's outstanding debt issues included general obligation bonds, loans from the New Jersey Economic Development Authority and a loan from the United States Environmental Protection Agency. There were no new debt issues in the fiscal year ended June 30, 2010. Specific details of Debt can be found in the financial section of this report and notes thereto.

**FINANCIAL INFORMATION AT FISCAL YEAR END:** Refer to the section of this report titled "Management Discussion and Analysis" for year end highlighted financial information.

**RISK MANAGEMENT:** The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, excess worker's compensation and fidelity bonds.

**OTHER INFORMATION, INDEPENDENT AUDIT:** State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Lerch, Vinci & Higgins, LLP was selected by the

Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act and the related OMB Circular A-133 and New Jersey OMB's Circular 04-04. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

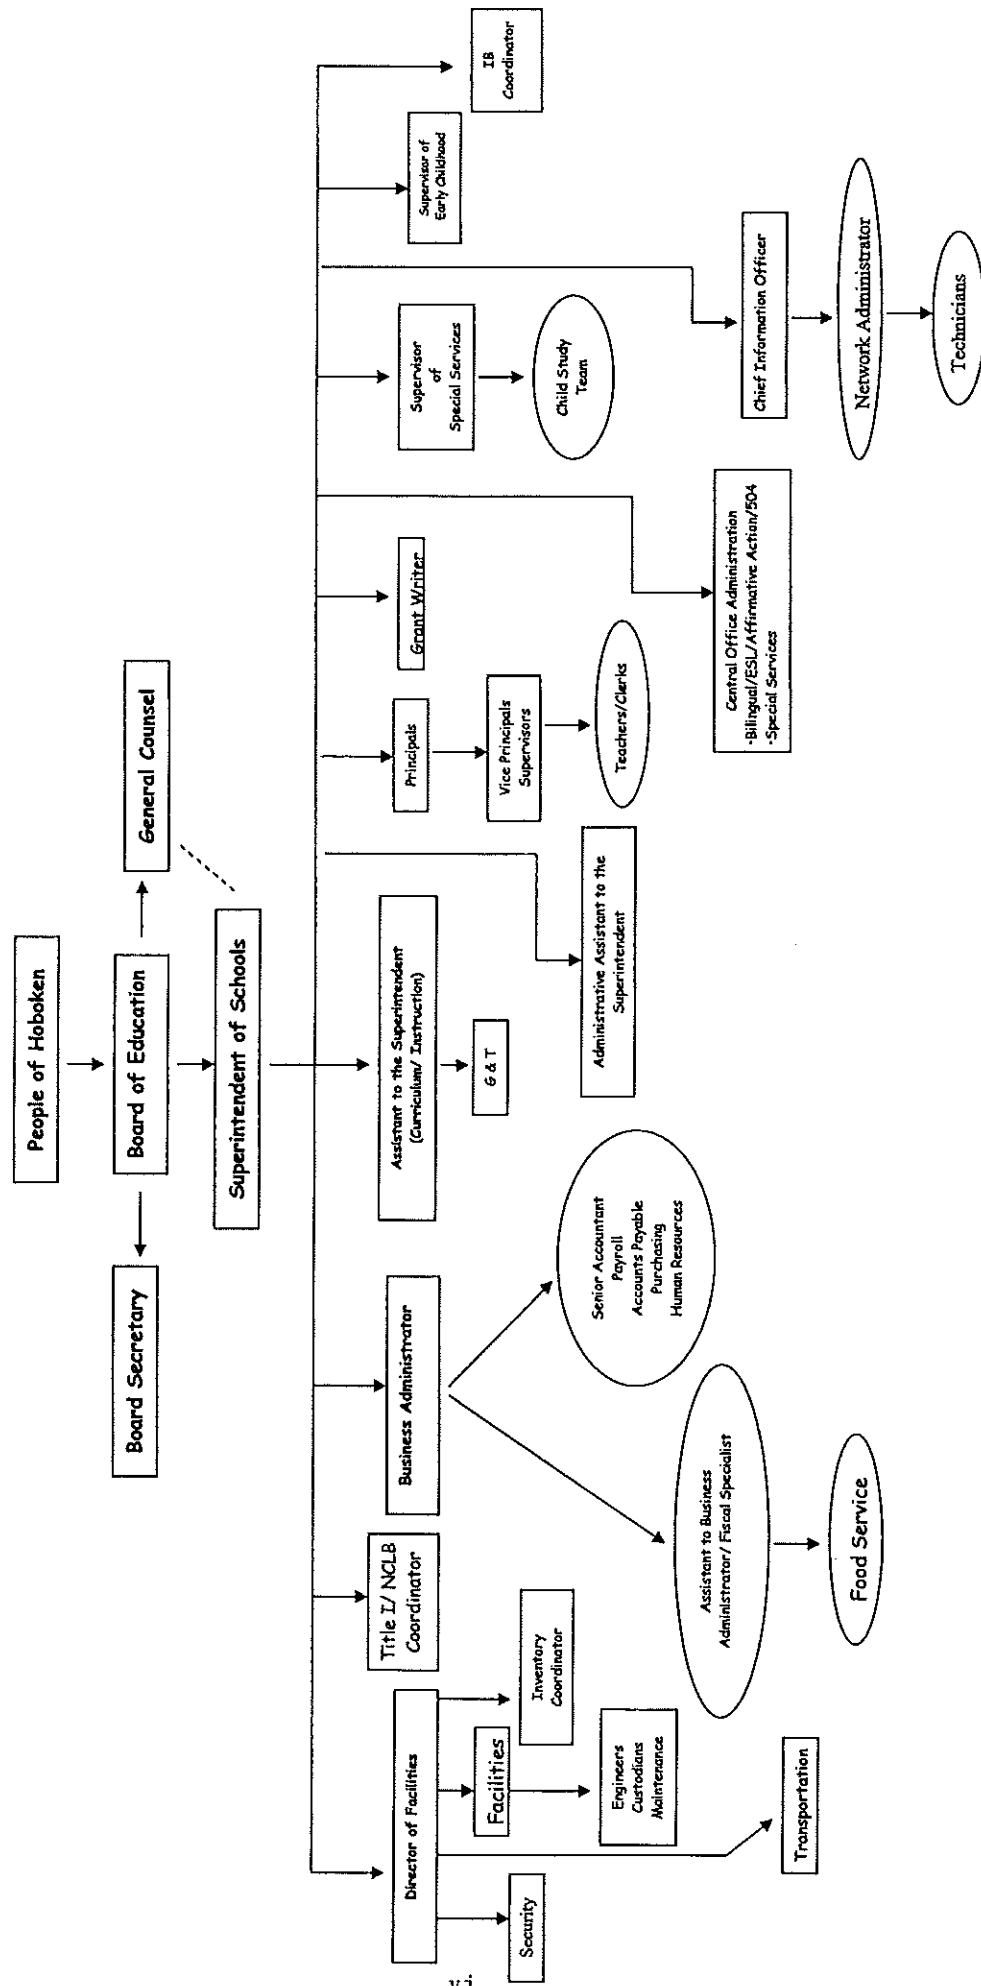

**ACKNOWLEDGEMENTS:** We would like to express our appreciation to the members of the Hoboken Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operations. The preparation of this report could not have been accomplished without the efficient and dedicated services of our business office personnel.

Respectfully submitted,

## INDEPENDENT AUDITORS' REPORT

Honorable President and Members  
of the Board of Trustees  
Hoboken Public Schools  
Hoboken, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Hoboken Public Schools as of and for the fiscal year ended June 30, 2010, which collectively comprise the Board of Education's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Board of Education's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in the Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hoboken Public School's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

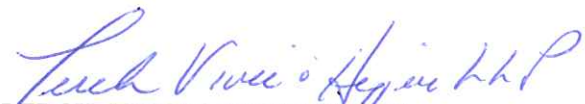

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Hoboken Public Schools as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

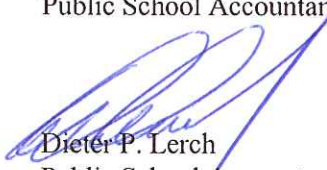

In accordance with Government Auditing Standards, we have also issued our report dated November 30, 2010 on our consideration of the Hoboken Public School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Hoboken Public School's basic financial statements. The accompanying introductory section, combining fund financial statements, financial schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Additionally, the accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and New Jersey OMB's Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid", and are not a required part of the basic financial statements. The combining fund financial statements and schedules of expenditures of federal awards and state financial assistance have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**HOBOKEN PUBLIC SCHOOLS  
HOBOKEN, NEW JERSEY**

**Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2010**

This section of the Hoboken Public School's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2010. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statements, which immediately follows this section.

**FINANCIAL HIGHLIGHTS**

Key financial highlights for the 2009-2010 fiscal year include the following:

- The assets of the Hoboken Public School exceeded its liabilities at the close of the fiscal year by \$40,854,023 (net assets).
- The District's total net assets increased \$837,184.
- Overall district revenues were \$62,428,567. General revenues accounted for \$43,611,505 or 70% of all revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for \$18,817,062 or 30% of total revenues.
- Overall district expenses were \$61,591,383. Governmental activities accounted for \$60,297,832 or 98% of all expenses. Business-type activities accounted for \$1,293,551 or 2% of all expenses.
- The school district had \$60,297,832 in expenses for governmental activities; only \$18,003,247 of these expenses were offset by program specific charges, grants or contributions. General revenues (predominantly property taxes and unrestricted State and Federal aid) of \$43,611,505 were adequate to provide for these programs.
- As of the close of the current fiscal year, the District's governmental funds reported a combined ending fund balance of \$3,704,298 an increase of \$613,271 when compared to the previous year ending fund balance.
- The General Fund unreserved undesignated fund balance on a GAAP basis at June 30, 2010 was a deficit of \$94,416 a decrease of \$352,532 when compared with the beginning balance at July 1, 2009 of \$258,116. The deficit in the unreserved, undesignated fund balance is a result of a delay in the payment of state aid until the following fiscal year.
- The General Fund unreserved, undesignated budgetary fund balance at June 30, 2010 was \$872,724, which represents a decrease of \$219,754 when compared to the ending fund balance at June 30, 2009 of \$1,092,478.

For the Fiscal Year Ended June 30, 2010**

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The financial section of the annual report consists of four parts – Independent Auditors' Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *district wide financial statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual* parts of the District, reporting the District's operations in *more detail* than the district-wide statements.
  - The *governmental funds statements* tell how basic services were financed in the *short term* as well as what remains for future spending.
  - *Proprietary funds* statements offer *short-term* and *long-term* financial information about the activities the district operated like *businesses*.
  - *Fiduciary funds* statements provide information about the financial relationships in which the District acts solely as a *trustee* or *agent* for the benefit of others to whom the resources belong.

The financial statements also include *notes* that explain the information in the statements and provide more detailed data. The following illustration shows how the various parts of this annual report are arranged and related to one another.

**Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2010**

The following table summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

**Major Features of the District-Wide and Fund Financial Statements**

	District-Wide Statements	Fund Financial Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire district (except fiduciary funds)	The activities of the district that are not proprietary or fiduciary, such as Regular and Special Education Instruction and Building maintenance	Activities the district operates similar to private businesses: Enterprise Fund	Instances in which the district administers resources held in trust, such as Unemployment, Payroll Agency and Student Activities
Required financial statements	Statements of net assets Statement of activities	Balance Sheet Statement of Revenues, Expenditures and changes in fund balances	Statement of Net Assets Statement of revenue, expenses, and changes in fund net assets Statement of cash flows	Statements of Fiduciary net assets Statement of changes in fiduciary net assets
Accounting Basis and Measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources Focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term funds do not currently contain capital assets.
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable.	All revenues and expenses during the year, regardless of when cash is received or paid.	All additions and dedications during the year, regardless of when cash is received or paid.

**District-wide financial statements**

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's *net assets* and how they have changed. Net assets – the difference between the District's assets and liabilities – is one way to measure the District's financial health or position.

For the Fiscal Year Ended June 30, 2010**

**District-wide financial statements (continued)**

- Over time, increases or decreases in the District's net assets are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the district-wide financial statements the District's activities are shown in two categories:

- *Governmental activities* – Most of the District's basic services are included here, such as regular and special education, transportation, administration and plant operations and maintenance. Property taxes and state aids finance most of these activities.
- *Business type activities* – These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The District's Food Service Fund is included under this category.

**Fund financial statements**

The fund financial statements provide more detailed information about the District's funds – focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and bond covenants.
- The District establishes other funds to control and manage money for particular purposes or to show that it is properly using certain revenues (federal and state grants).

The District has three kinds of funds:

- *Governmental funds* – Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information at the bottom of the governmental funds statements that explains the relationship (or differences) between them.
- *Proprietary funds* – Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements.

**Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2010**

**Fund financial statements (continued)**

*Enterprise Funds* – This fund is established to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that costs of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges. The District currently has one enterprise fund.

- Food Service (Cafeteria)

- *Fiduciary funds* – The District is the trustee, or *fiduciary*, for assets that belong to others. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

**Notes to the basic financial statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found following the basic financial statements.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the District's budget process. The District adopts an annual expenditure budget for the general, special revenue and debt service funds. A budgetary comparison statement has been provided for the general and special revenue funds as required supplementary information. The required supplementary information can be found following the notes to the basic financial statements.

Combining statements and schedules are presented immediately following the major budgetary comparisons.

**DISTRICT-WIDE FINANCIAL ANALYSIS**

Net assets may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceeded liabilities by \$40,854,023 as of June 30, 2010 and \$40,016,839 as of June 30, 2009.

**HOBOKEN PUBLIC SCHOOLS

**Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2010**

By far the largest portion of the District's net assets reflects its investment in capital assets (e.g., land and improvements, buildings and improvements, vehicles, furniture and equipment), less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS**

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a *combined* fund balance of \$3,704,298 for the year ended June 30, 2010 compared to a fund balance of \$3,091,027 for the year ended June 30, 2009, an increase of \$613,271 for the year.

Revenues for the District's governmental funds were \$61,614,752 and \$64,001,283, while total expenses were \$60,695,655 and \$64,046,964 for the fiscal years ended June 30, 2010 and 2009.

**General Fund** - The General Fund is the chief operating fund of the District and includes the primary operations in providing educational services to students from pre-kindergarten through grade 12 including pupil transportation activities and capital outlay projects.

The following schedule presents a comparison of General Fund Revenues for the fiscal years ended June 30, 2010 and 2009:

	<u>June 30,</u>		Amount of	Percent
	<u>2010</u>	<u>2009</u>	Increase	Increase

<b>Total General Fund Revenues</b>	<u><b>\$ 49,967,873</b></u>	<u><b>\$ 48,647,505</b></u>	<u><b>\$ 1,320,368</b></u>	3%

Local property taxes increased slightly by \$694,612 or 2% over the previous year. State aid revenues decreased \$55,330, predominantly attributable to the decrease in On-Behalf TPAF Pension System Contribution. The Federal aid revenues increased by \$58,039 or 30% which was due to an increase in Medicaid Reimbursements received by the District. Miscellaneous revenues increased \$662,965 or 122% largely due to the receipt of rental revenues.

Total Expenditures	<u>\$ 49,771,032</u>	<u>\$ 49,680,256</u>	<u>\$ 90,776</u>	0%

Total General Fund expenditures increased \$90,776 or less than 1% from the previous year.

**Special Revenue Fund** - The Special Revenue Fund includes all restricted Federal, State and Local sources utilized in the operations of the district in providing educational services to students with special needs.

Revenues of the Special Revenue Fund were \$10,844,172 and \$9,559,390, for the years ended June 30, 2010 and 2009. State sources accounted for the majority of Special Revenue Fund's revenue which represented 72% and 70% of the total revenues for the years ended June 30, 2010 and 2009.

Total Special Revenue Fund revenues increased \$1,284,782 or 13% from the previous year. State sources increased \$1,149,684 or 17%, Federal sources increased by \$141,609 or 5% and local sources decreased \$6,511.

Expenditures of the Special Revenue Fund were \$10,169,825 and \$8,632,320 for the fiscal years ended June 30, 2010 and 2009. Instructional expenditures were \$7,378,021 and \$5,943,447 or 73% and 69% and expenditures for the support services were \$2,791,804 and \$2,688,873 or 27% and 31% of total expended for the years ended June 30, 2010 and 2009.

**Proprietary Funds**

The District maintains an Enterprise Fund to account for activities which are supported in part through user fees.

**Enterprise Fund** - The District uses an Enterprise Fund to report activities related to the Food Services program. The District's Enterprise Fund provides the same type of information found in the district-wide financial statements, business-type activities, but in more detail. Factors concerning the finances of this Fund have already been addressed in the discussion of the District's business-type activities.

For the Fiscal Year Ended June 30, 2010**

**GENERAL FUND BUDGETARY HIGHLIGHTS**

The District's budget is prepared according to New Jersey Department of Education guidelines, and is based on accounting for certain transactions on the basis of cash receipts, disbursements and encumbrances. The most significant budgetary fund is the General Fund.

Over the course of the year, the District revised the annual operating budget several times. These budget amendments were due to adjusted budgets for specially funded projects, which include both federal and state grants.

General Fund budgetary revenues and other financing sources exceeded budgetary expenses and other financing uses increasing budgetary fund balance \$698,140 over the previous year. After deducting statutory reserves and designations, the unreserved/undesignated budgetary fund balance decreased \$219,754 from a balance of \$1,092,478 at June 30, 2009 to a balance of \$872,724 at June 30, 2010.

**CAPITAL ASSETS**

The District's investment in capital assets for its governmental and business type activities as of June 30, 2010 and 2009 amounted to \$48,261,305 and \$48,436,520 (net of accumulated depreciation). The capital assets consist of land, land improvements, buildings, building improvements, computers, specialized machinery and various other types of equipment. Depreciation charges for fiscal years 2009-2010 and 2008-2009 amounted to \$1,048,342 and \$461,469 for governmental activities and \$19,646 and \$15,640 for business-type activities.

**Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2010**

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

Many factors were considered by the District's administration during the process of developing the fiscal year 2009-2010 budget. The primary factors were the District's projected student population, anticipated state and federal aid as well as increasing salary and related benefit costs.

These indicators were considered when adopting the budget for fiscal year 2010-2011. Budgeted expenditures in the General Fund decreased 2 percent to \$47,292,302 in fiscal year 2010-2011.

**CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional information contact the Interim School Business Administrator, Hoboken Public School, 1115 Clinton Street, Hoboken, NJ 07026.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF  
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES  
WITH THE DISTRICT-WIDE STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

Total net change in fund balances - governmental funds (Exhibit B-2) \$ 613,271

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement and allocated over their estimated useful lives as annual depreciation expense. This is the amount by which depreciation expense exceeds capital outlay in the current period.

Capital Outlay	\$ 857,604	
Depreciation Expense	<u>(1,048,342)</u>	(190,738)

In the statement of activities, certain operating expenses - compensated absences and claims and judgements - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (paid):

Compensated Absences, Net	290,450	
Claims and Judgements for Self Insurance Claims	37,000	
Loans Payable	<u>256,827</u>	584,277

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.

**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**HOBOKEN PUBLIC SCHOOLS  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The Hoboken Public Schools (the "Board" or the "District") is an instrumentality of the State of New Jersey, established to function as an education institution. The Board consists of nine elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the Hoboken Public Schools this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Based on the foregoing criteria, the District has no component units. Furthermore, the District is not includable in any other reporting entity as a component unit.

**B. District-wide and Fund Financial Statements**

The district-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the Board of Education. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or other governmental entities, including other school districts, who purchase, use, or directly benefit from goods or services provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes, unrestricted state aid, federal and state grants for school-based budgeting and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the district-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The District considers all of its governmental and enterprise funds to be major funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements with the exception of the Agency Fund which does not have a measurement focus. All assets and all liabilities associated with these operations (with the exception of the fiduciary funds) are included on the Statement of Net Assets. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual (i.e. when they are both measurable and available). Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within 60 days after year-end. Expenditures are recorded when a liability is incurred, as under accrual basis of accounting, with the exception of debt service expenditures as well as expenditures related to compensated absences and claims and judgments which are recorded only when payment is due.

Property taxes, tuition, unrestricted state aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The *general fund* is the School District's primary operating fund. It accounts for all financial resources of the District, except those to be accounted for in another fund.

The *special revenue fund* accounts for the proceeds of specific revenue sources legally restricted to expenditures for specified purposes. This fund accounts for federal and state financial programs, with the exception of grants for major capital projects and the school breakfast, milk and lunch programs.

The *capital projects fund* accounts for the proceeds from the sale of bonds, lease purchases and other revenues used for the acquisition or construction of major capital facilities and other capital assets.

The *debt service fund* accounts for the accumulation of resources for and the payment of principal and interest on long-term general obligation debt of governmental funds.

The District reports the following major proprietary fund which is organized to be self-supporting through user charges:

The *food service fund* accounts for the activities of the school cafeteria, which provides food service to students as well as a la carte and catering services for teachers and special events.

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

Additionally, the government reports the following fund types:

The *fiduciary trust fund* is used to account for resources legally held in trust for private donations for scholarship awards, payroll related activities and student related activities which are supported and controlled by student organizations and clubs. All resources of the fund, including any earnings on invested resources, may be used to support the intended purpose. There is no requirement that any portion of these resources be preserved as capital.

Private-sector standards of accounting and financial reporting issued by the Financial Accounting Standards Board (FASB) prior to December 1, 1989, generally are followed in both the district-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Board has elected not to follow FASB guidance issued subsequent to December 1, 1989.

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements. Exceptions to this general rule are charges between the Board's proprietary and fiduciary funds since elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues in the district-wide statement of activities include 1) charges to customers or applicants for goods or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes, unrestricted state aid, federal and state grants for school-based budgeting investment earnings and miscellaneous revenues.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the food service enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Federal and State subsidies for the food service operation are considered nonoperating revenues.

**D. Assets, Liabilities and Net Assets or Equity**

***1. Deposits and Investments***

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are reported at fair value and are limited by N.J.S.A. 18A:20-37.

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Assets, Liabilities and Net Assets or Equity (Continued)**

**2. *Receivables and Payables***

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the district-wide financial statements as "internal balances".

All receivables are reported at their gross value, and where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

*Tuition Revenues* - Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs are determined and certified by the State Department of Education.

*Tuition Expenditures* - Tuition charges for the fiscal years 2008-2009 and 2009-2010 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been certified by the State Department of Education.

Property taxes are levied pursuant to law and are collected by the municipality and are transferred to the District as requested. Property tax revenue is recognized in the year they are levied and become available. Property taxes collected in advance of the year-end for which they are levied and transferred to the District are reported as deferred revenues. The tax bills are mailed annually in June by the municipal tax collector and are levied and due in four quarterly installments on August 1, November 1, February 1 and May 1 of the fiscal year. When unpaid, taxes or any other municipal lien, or part thereof, on real property, remains in arrears on April 1<sup>st</sup> in the year following the calendar year levy when the same became in arrears, the tax collector of the municipality shall, subject to the provisions of New Jersey Statute, enforce the lien by placing the property on a tax sale. The municipality may institute annual "in rem" tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property.

**3. *Inventories***

The cost of inventories of the governmental fund types are recorded as expenditures at the time individual inventory items are purchased.

Food Service Fund inventories, exclusive of the federal commodities, are valued at cost, using the first-in first-out (FIFO) method. The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by the USDA. It is valued at estimated market prices by the USDA. The amount of unused commodities at year-end is reported as unearned revenue.

**4. *Prepaid Items***

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both district-wide and fund financial statements.

 FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Assets, Liabilities and Net Assets or Equity (Continued)**

**5. *Capital Assets***

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Capital assets are defined by the Board as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost if purchased or estimated historical cost if constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land Improvements	20
Buildings	20-50
Building Improvements	20
Machinery and Equipment	5-10

**6. *Compensated Absences***

It is the District's policy to permit employees to accumulate (with certain restrictions) earned but unused vacation and sick leave benefits. A long-term liability of accumulated vacation and sick leave and salary related payments has been recorded in the governmental activities in the district-wide financial statements, representing the Board's commitment to fund such costs from future operations. Proprietary Funds accrue accumulated vacation, personal and sick leave and salary related payments in the period that they are earned. A liability is reported in the governmental funds only to the amount actually due at year end as a result of employee resignations and retirements.

**7. *Long-term obligations***

In the district-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Assets, Liabilities and Net Assets or Equity (Continued)**

**8. *Fund Equity***

Reservations of fund balances of governmental funds are created to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is appropriated for future expenditures.

**Reserved for Encumbrances** - This reserve was created to represent encumbrances outstanding at the end of the year based on purchase orders and contracts awarded for which the goods or services have not yet been received at June 30.

**Reserved for Excess Surplus – Designated for Subsequent Year’s Expenditures** - This reserve was created in accordance with NJSA 18A:7F-7 to represent the June 30, 2009 audited excess surplus that was appropriated in the 2010/2011 original budget certified for taxes.

**Reserved for Capital Reserve Account** – This reserve was created by the District in accordance with NJAC 6A:23A-14.1 to fund future capital expenditures (See Note 2.)

Designations of fund balance represent tentative management plans that are subject to change.

**Designated for Subsequent Year’s Expenditures** – This designation was created to dedicate the portion of fund balance appropriated in the adopted 2010/2011 District budget certified for taxes.

**9. *Reclassifications***

Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year’s presentation.

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**A. Budgetary Information**

In accordance with the requirements of the New Jersey Department of Education (“the Department”), the District annually prepares its operating budget for the forthcoming year. The budget, except for the general fund and special revenue fund, which is more fully explained below and in the required supplementary information, is prepared in accordance with accounting principles generally accepted in the United States of America and serves as a formal plan for expenditures and the proposed means for financing them.

**HOBOKEN PUBLIC SCHOOLS  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)**

**A. Budgetary Information (Continued)**

The annual budget is adopted in the spring of the preceding year for the general, special revenue and debt service funds. The District is not required to adopt an annual budget for the capital projects fund. The budget is submitted to the county superintendent and is voted upon at the annual school election on the third Tuesday in April. Budget adoptions and amendments are recorded in the District's board minutes. The budget is amended by the Board of Trustees as needed throughout the year. The budget for revenues, other resources, other uses, and fund balances is prepared by fund source and amount. The budget for expenditures is prepared by fund, program, function, object and amount. The legal level of budgetary control is established at the line item account within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. The Board approved several budget transfers during 2009/2010. During 2009/2010 the Board increased the original general fund budget by \$226,852 for the reappropriation of prior year encumbrances. The Special Revenue Fund original budget was increased by \$2,440,247 for additional grant awards.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described in the Notes to Required Supplementary Information (RSI). Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

Encumbrance accounting is employed in the governmental funds. Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services which are reappropriated and honored during the subsequent fiscal year.

**B. Excess Expenditures Over Appropriations**

The following is a summary of expenditures in excess of available appropriations. The overexpended appropriation resulted in unfavorable variance.

	<u>Budget</u>	<u>Actual</u>	<u>Unfavorable Variance</u>
General Fund			
General Administration			
Judgements Against the School District	\$279,590	\$295,637	\$16,047

The above variance was offset with other available resources.

**HOBOKEN PUBLIC SCHOOLS  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)**

**C. Deficit Fund Equity**

The Food Service Enterprise Fund has a cumulative net assets deficit of \$292,115 as of June 30, 2010. This deficit will be provided for in the 2010/2011 General Fund budget.

The District has an unreserved/undesignated deficit fund balance of \$94,416 in the General Fund as of June 30, 2010 as reported in the fund financial statements (modified accrual basis). NJSA 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record these delayed state aid payments as revenue, for budget purposes only, in the current school budget year. The statute provides legal authority for school districts to recognize this revenue in the current budget year. GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions", requires that intergovernmental transactions (revenue, expenditure, asset, liability) should be recognized in symmetry (i.e., if one government recognizes an asset, the other government recognizes a liability). Since the State of New Jersey is recording certain 2009/2010 budgeted state aid payments in the subsequent fiscal year, the school district cannot recognize such payments on the GAAP (fund) financial statements until the year the State records the payable. Due to the timing difference of recording these delayed state aid payments, the General Fund balance deficit does not alone indicate that the District is facing financial difficulties; however, unless the State of New Jersey budgets the delayed payments in future years, the District may also report fund balance deficits in the future.

Pursuant to NJSA 18A:22-44.2, any negative unreserved, undesignated general fund balance that is reported as a direct result of a delay in the payment of state aid until the following fiscal year, is not considered as a violation of New Jersey Statute or regulation and is not considered an item in need of corrective action. The District deficit in the GAAP (fund) financial statements of \$94,416 in the General Fund is less than the delayed state aid payments.

**D. Capital Reserve Account**

A capital reserve account was established by the District on October 10, 2000. The accumulation of funds will be used for capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the Department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)**

**D. Capital Reserve Account**

The activity of the capital reserve for the fiscal year ended June 30, 2010 is as follows:

Balance, July 1, 2009	\$ 750,000
Balance, June 30, 2010	<u>\$ 750,000</u>

**E. Calculation of Excess Surplus**

In accordance with N.J.S.A. 18A:7F-7, as amended, the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance in excess of 2% of budget expenditures at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent year’s budget. The excess fund balance at June 30, 2010 is \$264,246. This amount was designated and appropriated in the 2010/2011 original budget certified for taxes.

**NOTE 3 DETAILED NOTES ON ALL FUNDS**

**A. Deposits and Investments**

**Deposits**

The Board's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Board is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge plus collateral equal to 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of 75% of its capital funds for all deposits not covered by the FDIC.

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. SIPC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At June 30, 2010, the book value of the Board's deposits was \$3,547,131 and bank balances of the Board's cash and deposits amounted to \$5,518,470. The Board's deposits which are displayed on the balance sheets and statement of net assets as “cash and cash equivalents” are categorized as:

<u>Depository Account</u>	<u>Bank Balance</u>
Insured	\$ 4,697,993
Uninsured and Uncollateralized	<u>820,477</u>
	<u>\$ 5,518,470</u>

**Deposits (Continued)**

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The Board does not have a policy for custodial credit risk. As of June 30, 2010 the Board’s bank balance of \$820,477 was exposed to custodial credit risk as follows:

<u>Depository Account</u>	<u>Bank Balance</u>
Uninsured and Uncollateralized	\$ <u>820,477</u>

**Investments**

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located, Local Government investment pools, and agreements or the repurchase of fully collateralized securities, if transacted in accordance with the above statute.

As of June 30, 2010, the Board had no outstanding investments.

**B. Receivables**

Receivables as of year-end for the district’s individual major funds including the applicable allowances for uncollectible accounts, are as follows:

	<u>General</u>	<u>Special Revenue</u>	<u>Capital Projects</u>	<u>Food Service</u>	<u>Total</u>
Gross Receivables:					
Accounts	\$ 89,741			\$ 109	\$ 89,850

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue reported in the governmental funds were as follows:

	<u>Unearned</u>
General Fund	
State Aid Carryovers Available for Transfer from Special Revenue Fund (2007/08)	\$ 156,414
Special Revenue Fund	
Unencumbered grant draw downs	79,595

**D. Interfund Receivables, Payables, and Transfers**

The composition of interfund balances as of June 30, 2010, is as follows:

**Due to/from other funds**

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Food Service-Enterprise Fund	\$ 415,556
General Fund	Special Revenue Fund	508,804

		<u>\$ 926,637</u>

The above balances are the result of revenues earned or other financing sources received in one fund which are due to another fund and/or expenditures paid by one fund on behalf of another fund and/or to cover cash balances which were in an overdraft position.

The District expects all interfund balances to be liquidated within one year.

**ASHAA Grant/Loan**

The District was a recipient of a Grant/Loan under the Asbestos Loan Program from the U.S. Environmental Protection Agency (EPA) in the amount of \$666,492, awarded on July 11, 1991. The loan portion of this award was \$605,492.

The Grant/Loan is payable by the District to the EPA, with no interest, pursuant to a promissory note issued by the District on May 30, 1992.

The District made its final payment in November 2009 for this loan. The payment was budgeted in the capital outlay section of the General Fund.

The Board's schedule of principal and interest for long-term debt issued and outstanding is as follows:

**Governmental Activities:**

For the governmental activities, compensated absences and claims and judgments are generally liquidated by the general fund.

**NOTE 4 OTHER INFORMATION**

**A. Risk Management**

The District is exposed to various risks of loss related to property, general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; student accident; termination of employees and natural disasters. The Board has obtained commercial insurance coverage to guard against these events to minimize the exposure to the District should they occur. A complete schedule of insurance coverage can be found in the statistical section of this Comprehensive Annual Financial Report.

The District has established a worker's compensation plan for its employees. Transactions related to the plan are accounted for in the General Fund. The District funds the entire cost of the plan. Claims are paid directly by the plan up to a maximum of \$350,000 for any one accident or occurrence, with any excess benefit being reimbursed through a Re-Insurance Agreement with AmeriHealth Casualty Insurance Company. The reinsurance policy also contains an aggregate loss provision in the amount of \$1,000,000 employers limit \$750,000. A contingent liability exists with respect to reinsurance, which would become an actual liability in the event the reinsuring company may not be able to meet their obligations to the District under existing reinsurance agreements.

Estimates of claims payable and of claims incurred, but not reported at June 30, 2010, are reported as claims and judgments payable and accrued liability for insurance claims. These estimates were determined based on claim information supplied by the claims administrator and actuary. The unpaid claims liability of \$896,000 reported at June 30, 2010 is based on the requirements of the Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

The District is a member of the New Jersey School Board's Association Insurance Group (NJSBAIG). The Group is a risk sharing public entity pool, established for the purpose of insuring against various types of coverage.

The relationship between the Board and the insurance fund is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Board is contractually obligated to make all annual and supplementary contributions to the fund, to report claims on a timely basis, cooperate with the management of the fund, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by the fund. Members have a contractual obligation to fund any deficit of the fund attributable to a membership year during which they were a member.

NJSBAIG provides its members with risk management services, including the defense of and settlement of claims and to establish reasonable and necessary loss reduction and prevention procedures to be followed by the members. Complete financial statements of the respective insurance fund are on file with the School's Business Administrator.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage's in any of the prior three years.

**NOTE 4 OTHER INFORMATION (Continued)**

**B. Contingent Liabilities**

The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its size and scope of operation. In the opinion of the Board's Attorney the potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District.

**Federal and State Awards** – The Board participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Board may be required to reimburse the grantor government. As of June 30, 2010, significant amounts of grant expenditures have not been audited by the various grantor agencies but the Board believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

**C. Federal Arbitrage Regulations**

The District is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At June 30, 2010, the District had no estimated arbitrage earnings due to the IRS.

**D. Employee Retirement Systems and Pension Plans**

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all eligible Board employees:

**Public Employees' Retirement System (PERS)** – Established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, including post-retirement health care, to substantially all full time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

**Teachers' Pension and Annuity Fund (TPAF)** – Established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time certified teachers or professional staff of the public school systems in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those Board employees who are eligible for pension coverage.

**Defined Contribution Retirement Program (DCRP)** – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership.

**D. Employee Retirement Systems and Pension Plans (Continued)**

**Other Pension Funds**

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local government employers do not appropriate funds to SACT.

The cost of living increase for PERS and TPAF, are funded directly by each of the respective systems and are considered in the annual actuarial calculation of the required State contribution for the system.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**Basis of Accounting**

The financial statements of the retirement systems are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the retirement systems. Benefits or refunds are recognized when due and payable in accordance with the terms of the retirement systems.

**Investment Valuation**

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund, Common Pension Fund A, Common Pension Fund B, Common Pension Fund D and Common Pension Fund E. The financial reports may be obtained in writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290.

**Significant Legislation**

P.L. 2009, c. 19, effective March 17, 2009 provided an option for local employers to contribute 50 percent of the normal and accrued liability contribution amounts certified by the PERS for payments due in State fiscal year 2009. This law also provided that a local employer may pay 100 percent of the required contribution. Such an employer was credited with the full payment and any such amounts were not to be included in their unfunded liability. The actuaries for PERS will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the State fiscal year ending June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

P.L. 2008, c. 89, effective November 1, 2008, increased the TPAF and PERS eligibility age for unreduced benefits from age 60 to age 62 for members hired on or after November 1, 2008; changed the early retirement provisions; increased the minimum annual compensation required for membership eligibility for new members on or after the effective date of this law.

P.L. 2007, c. 103, certain parts effective July 1, 2007, provided for the following: changed contribution rates of TPAF, PERS, and Defined Contribution Retirement Program (DCRP) to 5.5 percent of annual compensation; imposed an annual maximum wage contribution base and a new retirement age to new employees; implemented changes to State Health Benefits Program (SHBP) which included the creation of the School Employees' Health Benefit Program (SEHBP) and established an employee contribution of 1.5 percent of the employee's base salary.

**Funding Status and Funding Progress**

As of June 30, 2008, the most recent actuarial valuation date, the aggregate funded ratio for all the State administered retirement systems including TPAF and PERS, is 72.6 percent with an unfunded actuarial accrued liability of \$34.4 billion. The aggregate funded ratio and unfunded accrued liability for the State-funded systems is 69.6 percent and \$23.0 billion, and the aggregate funded ratio and unfunded accrued liability for local PERS and PFRS is 77.2 percent and \$11.4 billion.

The funded status and funding progress of the retirement systems is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the retirement systems in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at that point in time. The projection of benefits for financing reporting purposes does not explicitly incorporate the potential effects of legal or contractual limitations on the pattern of cost sharing between the employer and members in the future.

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

**NOTE 4 OTHER INFORMATION (Continued)**

**D. Employee Retirement Systems and Pension Plans (Continued)**

**Actuarial Methods and Assumptions**

In the June 30, 2008 actuarial valuation, the projected unit credit was used as the actuarial cost method, and the five year average of market value was used as the asset valuation method for the retirement systems. The actuarial assumptions included (1) 8.25 percent for investment rate of return for the retirement systems and (2) 5.45 percent for projected salary increases for the PERS and 5.74 percent for TPAF.

**Employer and Employee Pension Contributions**

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan member and employer contributions may be amended by State of New Jersey legislation with the amount of contributions by the State of New Jersey contingent upon the Annual Appropriations Act. As defined, the retirement systems require employee contributions based on 5.5% for PERS, 5.5% for TPAF and 5.5% for DCRP of the employee's annual compensation.

**Annual Pension Costs (APC)**

Per the requirements of GASB Statement No. 27 for the year ended June 30, 2010 for TPAF, which is a cost sharing plan with special funding situations, annual pension cost differs from the annual required contribution. For PERS, which is a cost sharing multi-employer defined benefit pension plan, the annual pension cost equals contributions made. TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board. PERS employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution.

During the years ended June 30, 2010, 2009 and 2008 the Board was required to contribute for PERS and the State of New Jersey was required to contribute for TPAF for normal cost pension and accrued liability contributions (including non-contributory group life insurance (NCGI)) the following amounts:

Year Ended <u>June 30,</u>	<u>PERS</u>	On-behalf <u>TPAF</u>
2010	\$ 578,399	\$ 72,838
2009	491,671	69,634
2008	328,556	1,545,719

During 2009/2010 and 2008/2009 school years, the State of New Jersey did not contribute to the TPAF for normal cost and accrued liability. The State contributed \$72,838 and \$69,634 during 2009/2010 and 2008/2009, respectively, for the NCGI premium.

Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$1,504,444 during the year ended June 30, 2010 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount, along with the on-behalf TPAF pension contribution, has been included in the district-wide financial statements and the fund financial statements as a revenue and expenditure in accordance with GASB No. 24.

**E. Post-Retirement Medical Benefits**

The State of New Jersey sponsors and administers the post-retirement health benefit program plans for school districts. The Plans are cost sharing multiple employer defined benefit plans.

As a result of implementing Governmental Accounting Standards Board (GASB) Statement No. 43, *Financial Reporting for Post-employment Benefit Plans Other than Pension Plans (OPEB)*, effective for Fiscal Year 2007, the State Health Benefits Program (SHBP), and the Prescription Drug Program (PDP), and Post-Retirement Medical (PRM) of the PERS and TPAF are combined and reported as Pension and Other employee Benefit Trust Funds in the State's Comprehensive Annual Financial Report (CAFR). Specifically, SHBP-State, PDP-State, and the PRM of the PERS are combined and reported as a Health Benefits Program Fund – State classified as a single employer plan. The SHBP-Local, PDP-Local, and the PRM of the TPAF are combined and reported as Health Benefits Program Fund –Local Government classified as a cost-sharing multiple-employer plan in the State's CAFR. The post-retirement benefit programs had a total of 484 state and local participating employers and contributing entities for Fiscal Year 2009.

The State of New Jersey sponsors and administers the following health benefit programs covering certain state and local government employees, including those Board employees and retirees eligible for coverage.

**Health Benefits Program Fund (HBPF) – Local Education** (including Prescription Drug Program Fund) – The State of New Jersey provides free coverage to members of the Teachers' Pension and Annuity Fund who retire from a board of education or county college with 25 years of service or on a disability retirement. Under the provisions of P.L. 1992, c.126, the State also provides free coverage to members of the Public Employees' Retirement System and Alternate Benefits Program who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare parts A and B by paying the cost of the insurance for themselves and their covered dependents. Also, education employees are eligible for the PDP coverage after 60 days of employment.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be accessed via the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**Basis of Accounting**

The financial statements of the health benefit programs are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the health benefit programs. Benefits or refunds are recognized when due and payable in accordance with the terms of the health benefit programs.

**Investment Valuation**

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

**Funded Status and Funding Progress**

As of June 30, 2008, the most recent actuarial valuation date, the State had a \$55.9 billion unfunded actuarial accrued liability for other postemployment benefits (OPEB) which is made up to \$19.8 billion for state active and retired members and \$36.1 billion for education employees and retirees that become the obligation of the State of New Jersey upon retirement.

The funded status and funding progress of the OPEB is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events in the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

**Actuarial Methods and Assumptions**

In the June 30, 2008, actuarial valuation, the projected unit credit was used as the actuarial cost method, and the market value was used as asset valuation method for the OPEB. The actuarial assumptions included 4.50 percent for investment rate of return for the OPEB.

**Post-Retirement Medical Benefits Contributions**

P.L. 1987, c. 384 and P.L. 1990, c.6 required the Teachers' Pension and Annuity Fund (TPAF) and Public Employees' Retirement System (PERS), respectively to fund post-retirement medical benefits for those State employees and education employees who retire after accumulating 25 years of credited service or on a disability retirement. As of June 30, 2009, there were 84,590 retirees receiving post-retirement medical benefits and the State contributed \$837.7 million on their behalf. The cost of these benefits is funded through contributions by the State and in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education with 25 years of service. The State paid \$116.9 million toward Chapter 126 benefits for 13,320 eligible retired members in fiscal year 2009.

**E. Post-Retirement Medical Benefits (Continued)**

**Post-Retirement Medical Benefits Contributions (Continued)**

The State sets the contribution rate based on a pay as you go basis and not on the *annual required contribution of the employers (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the State Health Benefits Program Fund for TPAF retirees' post-retirement benefits on behalf of the School District for the years ended June 30, 2010, 2009 and 2008 were \$1,368,005, \$1,328,447 and \$2,665,200, respectively, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund for PERS retirees' post-retirement benefits on behalf of the School District was not determined or made available by the State of New Jersey.

REQUIRED SUPPLEMENTARY INFORMATION  
BUDGETARY COMPARISON SCHEDULE  
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described below. Encumbrance accounting is also employed as an extension of formal budgetary integration of the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Funds are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the General and Special Revenue Funds from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - General Fund and Special Revenue Fund to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds.

	<u>General Fund</u>	<u>Special Revenue Fund</u>

**REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable President and Members  
of the Board of Trustees  
Hoboken Public Schools  
Hoboken, New Jersey

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Hoboken Public Schools as of and for the fiscal year ended June 30, 2010, which collectively comprise the Hoboken Public School's basic financial statements and have issued our report thereon dated November 30, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Hoboken Public School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Hoboken Public School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Hoboken Public School's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Hoboken Public School's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting described in the accompanying schedule of findings and questioned costs as items 2010-1 and 2010-2 that we consider to be significant deficiencies in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

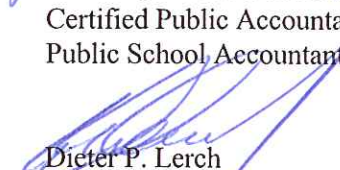

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Hoboken Public School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by Division of Finance, Department of Education, State of New Jersey and which are described in the accompanying schedule of findings and questioned costs as items 2010-1 and 2010-2.

We also noted certain matters that we reported to management of the Hoboken Public Schools in a separate report entitled, "Auditors' Management Report on Administrative Findings – Financial, Compliance and Performance" dated November 30, 2010.

Hoboken Public School's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Hoboken Public School's response and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of the Board of Trustees, management, the New Jersey State Department of Education and other federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

Honorable President and Members  
of the Board of Trustees  
Hoboken Public Schools  
Hoboken, New Jersey

### Compliance

We have audited the Hoboken Public School's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the New Jersey OMB Circular 04-04 State Aid/Grant Compliance Supplement that could have a direct and material effect on each of Hoboken Public School's major federal and state programs for the fiscal year ended June 30, 2010. Hoboken Public School's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirement of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the Hoboken Public School's management. Our responsibility is to express an opinion on Hoboken Public School's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and New Jersey OMB Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards and circulars require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about Hoboken Public School's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Hoboken Public School's compliance with those requirements.

In our opinion, Hoboken Public Schools complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2010. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements which are required to be reported in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04 and which are described in the accompanying schedule of findings and questioned costs as items 2010-3 and 2010-4.

### Internal Control Over Compliance

Management of Hoboken Public Schools is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered Hoboken Public School's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over compliance.

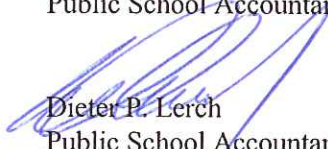

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The Board of Educations responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the Board of Education's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of the Board of Trustees, management, the New Jersey State Department of Education and other federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**HOBOKEN PUBLIC SCHOOLS  
NOTES TO THE SCHEDULES OF EXPENDITURES OF  
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

**NOTE 1 GENERAL**

The accompanying schedules present the activity of all federal and state financial assistance programs of the Hoboken Public Schools. The Board of Education is defined in Note 1(A) to the Board's basic financial statements. All federal financial assistance received directly from federal agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

**NOTE 2 BASIS OF ACCOUNTING**

The accompanying schedules are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Notes 1(C) to the Board's basic financial statements.

**NOTE 3 RELATIONSHIP TO BASIC FINANCIAL STATEMENTS**

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on a modified accrual basis with the exception of the revenue recognition of the delayed state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of certain state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, which may include the delayed state aid payments, whereas the GAAP basis does not. The special revenue fund also recognizes the delayed state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is a decrease of \$132,778 for the general fund and a decrease of \$111,650 for the special revenue fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 251,690	\$ 11,644,608	\$ 11,896,298
Special Revenue Fund	3,026,883	7,817,289	10,844,172
Capital Projects Fund		517,006	517,006
Food Service Fund	<u>636,982</u>	<u>24,849</u>	<u>661,831</u>
Total Financial Assistance	<u>\$ 3,915,555</u>	<u>\$ 20,003,752</u>	<u>\$ 23,919,307</u>

**HOBOKEN PUBLIC SCHOOLS  
NOTES TO THE SCHEDULES OF EXPENDITURES OF  
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

**NOTE 4 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS**

Amounts reported in the accompanying schedules may not necessarily agree with the amounts reported in the related federal and state financial reports due to timing differences between the District's fiscal year and grant program years.

**NOTE 5 STATE LOANS OUTSTANDING**

The District's state loans outstanding at June 30, 2010, which are not required to be reported on the schedule of state financial assistance, are as follows:

<u>Loan Program</u>	<u>State Account Number</u>	<u>State</u>
Facilities Loan - Low Interest	074-93	\$ 273,892
Facilities Loan - Small Project	074-93	361,708
Safe Facilities Loan - Low Interest	075-93	79,209
Safe Facilities Loan - Small Project	075-93	<u>313,818</u>
		<u>\$ 1,028,627</u>

**NOTE 6 OTHER INFORMATION**

Revenues and expenditures reported under the National School Lunch Program as non-cash assistance represent current year value received and current year distributions, respectively of the Federal Food Distribution Program. TPAF Social Security contributions in the amount of \$1,504,444 represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the year ended June 30, 2010. The amount reported as TPAF Pension System Contributions in the amount of \$72,838 and TPAF Post-Retirement Medical Benefits Contributions in the amount of \$1,368,005 represents the amount paid by the State on behalf of the District for the year ended June 30, 2010. SDA Educational Facilities Construction and Financing Act on-behalf payments totaling \$350,998 represent the amounts paid by SDA on behalf of the District for the facility project expenditures of the District for the year ended June 30, 2010.

**NOTE 7 ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT**

On-behalf State Programs for TPAF Pension and Post-Retirement Medical Benefits Contributions as well as on-behalf School Development Authority Educational Facility Construction and Financing Act Program payments are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the District's basic financial statements and the amount subject to State single audit and major program determination.

*Part 2 – Schedule of Financial Statement Findings*

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with Chapter 5.18 of *Government Auditing Standards*.

**Finding 2010-1**

Our audit revealed that certain capital projects and food service contracts were not encumbered when awarded. In addition, a certain purchase order which was classified as encumbrances by the District as of June 30, 2010 was determined to be accounts payable.

**Criteria or specific requirement:**

The State Department of Education's GAAP Technical Systems Manual pursuant to N.J.S.A. 18A:4-14 and NJAC 6:20-2A.

**Condition:**

Certain contracts were not encumbered and certain open purchase orders were not properly classified in the District's records at June 30, 2010.

**Questioned Costs:**

None. Financial statements contained in this report were adjusted to reflect the proper classification of encumbrances tested.

**Context:**

Contracts in the Capital Projects Fund in the amount of \$538,510 were not encumbered when awarded. In addition, \$70,868 in the Food Service Fund was also not encumbered. An encumbrance payable in the General Fund in the amount of \$104,967 was reclassified to accounts payable.

**Effect:**

Expenditures may not reflect all amounts incurred for the year.

**Recommendation:**

Internal control procedures be reviewed and enhanced to ensure open purchase orders are issued and encumbered for all contracts awarded.

**View of Responsible Officials and Planned Corrective Action:**

Management has reviewed this finding and has indicated it will review and revise its procedures to ensure corrective action is taken.

**HOBOKEN PUBLIC SCHOOLS

*Part 2 – Schedule of Financial Statement Findings*

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with Chapter 5.18 of *Government Auditing Standards*.

**Finding 2010-2:**

Our audit revealed the capital asset inventory report was not updated for 2009/10. Current year additions were provided, however, current year depreciation expense and deletions were not updated. In addition, prior year construction in progress balances were reclassified for audit to buildings.

**Criteria or specific requirement:**

Capital Assets Accounting and Financial Reporting.

**Condition:**

See Finding 2010-2.

**Questioned Costs:**

Unknown.

**Context:**

Total District capital assets, net of depreciation, at year end were \$48,118,995.

**Effect:**

The District's capital asset records do not agree with actual values and accumulated depreciation expense of District owned assets, as reported in the current year audit report.

**Cause:**

Unknown.

**Recommendation:**

The capital asset inventory report be updated and integrated with the internal accounting system.

**View of Responsible Officials and Planned Corrective Action:**

Management has reviewed this finding and has indicated it will review and revise its procedures to ensure corrective action is taken.

*Part 3 – Schedule of Federal and State Award Findings and Questioned Costs*

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs, related to the audit of major federal and state programs, as required by OMB Circular A-133 and New Jersey OMB's Circular 04-04, as amended.

**CURRENT YEAR FEDERAL AWARDS**

**Finding 2010-3**

The District's Unified Plan does not include any mention of the laptop program.

**Federal program information**

ARRA – Title I            84.389

**Criteria or specific requirement**

Grant Compliance Supplement

**Condition**

See Finding

**Questioned Costs**

Unknown.

**Context**

While the needs assessment does reflect technology infusion as a priority need, both the budget and the anticipated funds released as a result of the ARRA waiver reflect the implementation of the laptop program which is not consistent with the Unified Plan.

**Effect**

The District is spending ARRA funds on a program that is not specified in the Unified Plan.

**Recommendation**

The District should revise and update the Unified Plan to properly reflect all intended uses of funding.

**Views of Responsible Officials and Planned Corrective Actions**

Management has reviewed this finding and has indicated it will review and revise its procedures to ensure corrective action is taken.

**CURRENT YEAR STATE AWARDS**

**Finding 2010-4**

Our audit of the District travel expense procedures and policies revealed the following:

- a. Accountability post travel reports are not always being maintained with payment packet.
- b. A formal resolution was not approved by the Board setting the maximum annual travel allowance.

**Information on the State Program:**

State Aid - Public

**Criteria or specific requirement**

N.J. Department of Education –Grant Compliance Supplement

**Condition:**

Certain travel expense procedures and policies are not in accordance with state travel expense guidelines.

**Questioned Costs:**

None.

**Context:**

See Condition.

**Effect**

Certain travel expense procedures and policies were not in compliance with State travel expense guidelines.

**Cause:**

Unknown.

**Recommendation:**

District procedures and policies be reviewed to ensure travel expenditures are made in accordance with State travel expense guidelines.
